

LA SERA MASK

Surgical - FFP2 - FFP3 - N95 Face Mask

LA SERA MASK

About Us

Different names and brands in the TEXTILE sector for more than 25 years operating with A.O.S.B. aimed to increase its production with the textile printing factory it established.

Due to the CORONA virus spreading around the world, our factory has been operating in mask production as of January 2020.

Our company, which is the strongest producer of the region in the production of masks, has a daily production capacity of 5.000.000 pieces and has provided job opportunities for many contract companies.

Our company, which supplies products to many foreign companies, especially Europe, has reached a record level in export figures.

HEALTHY - QUALITY - ECONOMICAL
WE PRODUCE MASKS.

THREE LAYER - WIRED MASK

Elastic mouth and face mask is made of 3 Layer White non-woven non-woven fabric. It does not contain allergic substances. Does not feather. It provides easy breathing with its excellent air permeability. Round ring rubber with ultrasonic stitching, fits perfectly to the face.

What is a disposable rubber mask?

Elastic face masks are loose-fitting masks that cover the nose and mouth and have ear loops on the back of the head.

In which areas is the Disposable Face Mask used?

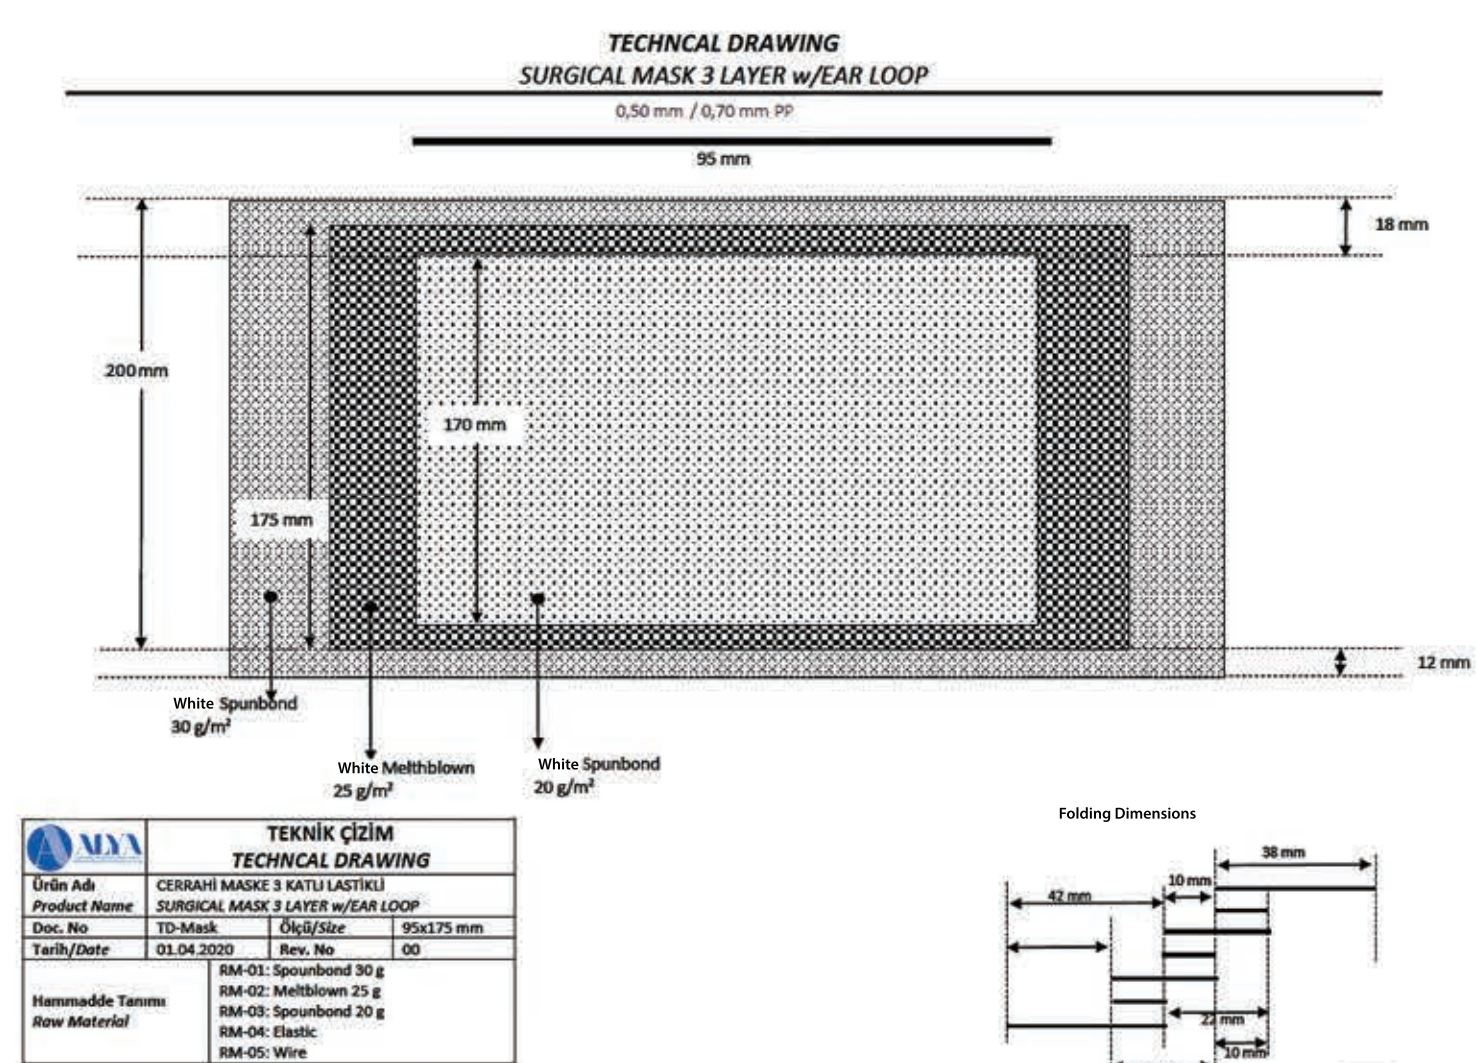

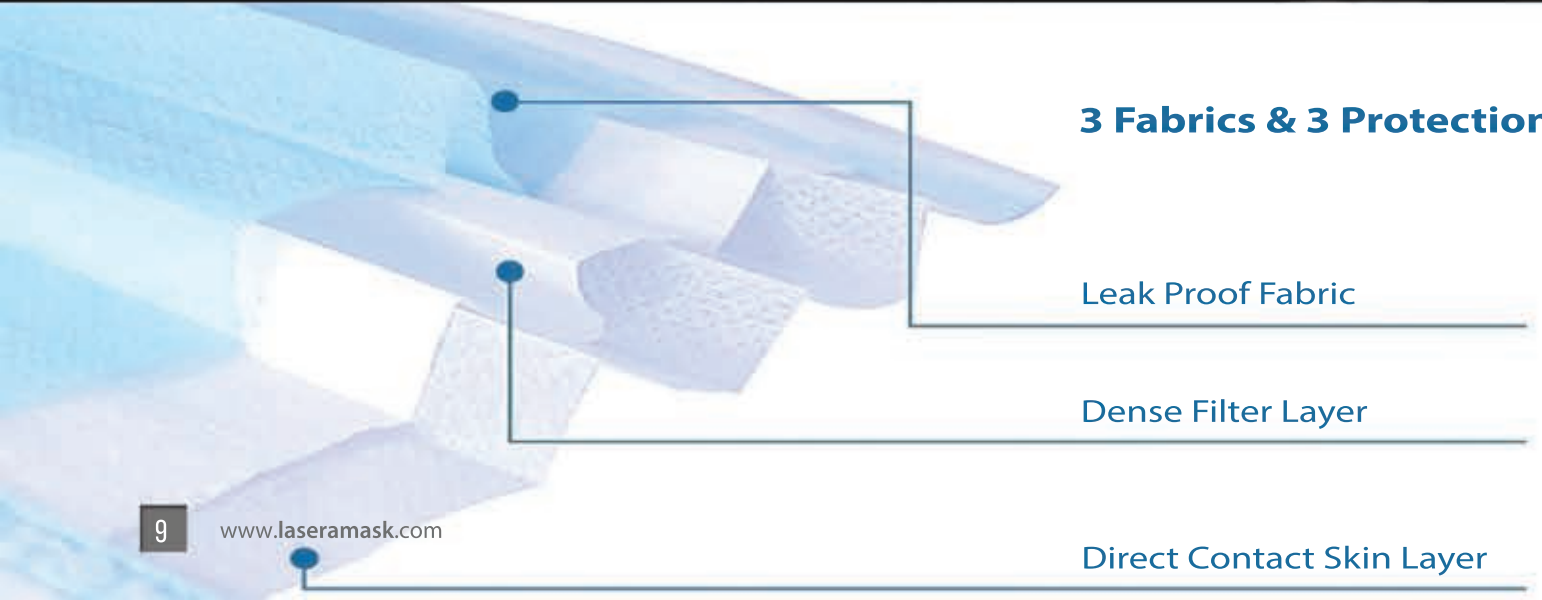

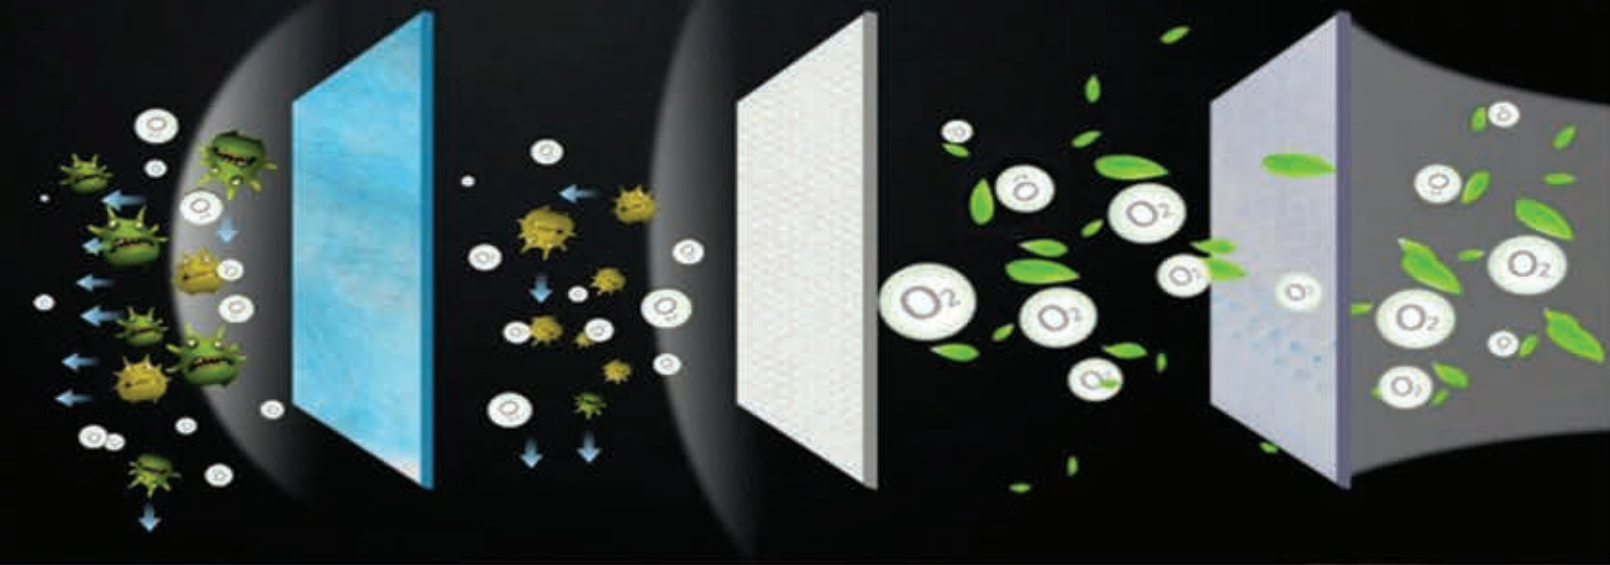

Ideal for doctors, dentists, dental aids, nurses, landscapers, contractors, plumbers, exterminators, nail technicians and more for every home in daily activities.

Comfortable skin

FFP2 MASK

FFP2 protection class respirators have been created for working environments where dangerous and mutagenic particles may be present in the air. Respirators of this class must retain at least 94% of the particles up to $0.6\text{ }\mu\text{m}$ and can be used in environments where the OEL violation reaches a maximum density of ten times. The same is true for the TRK value (technical reference density).

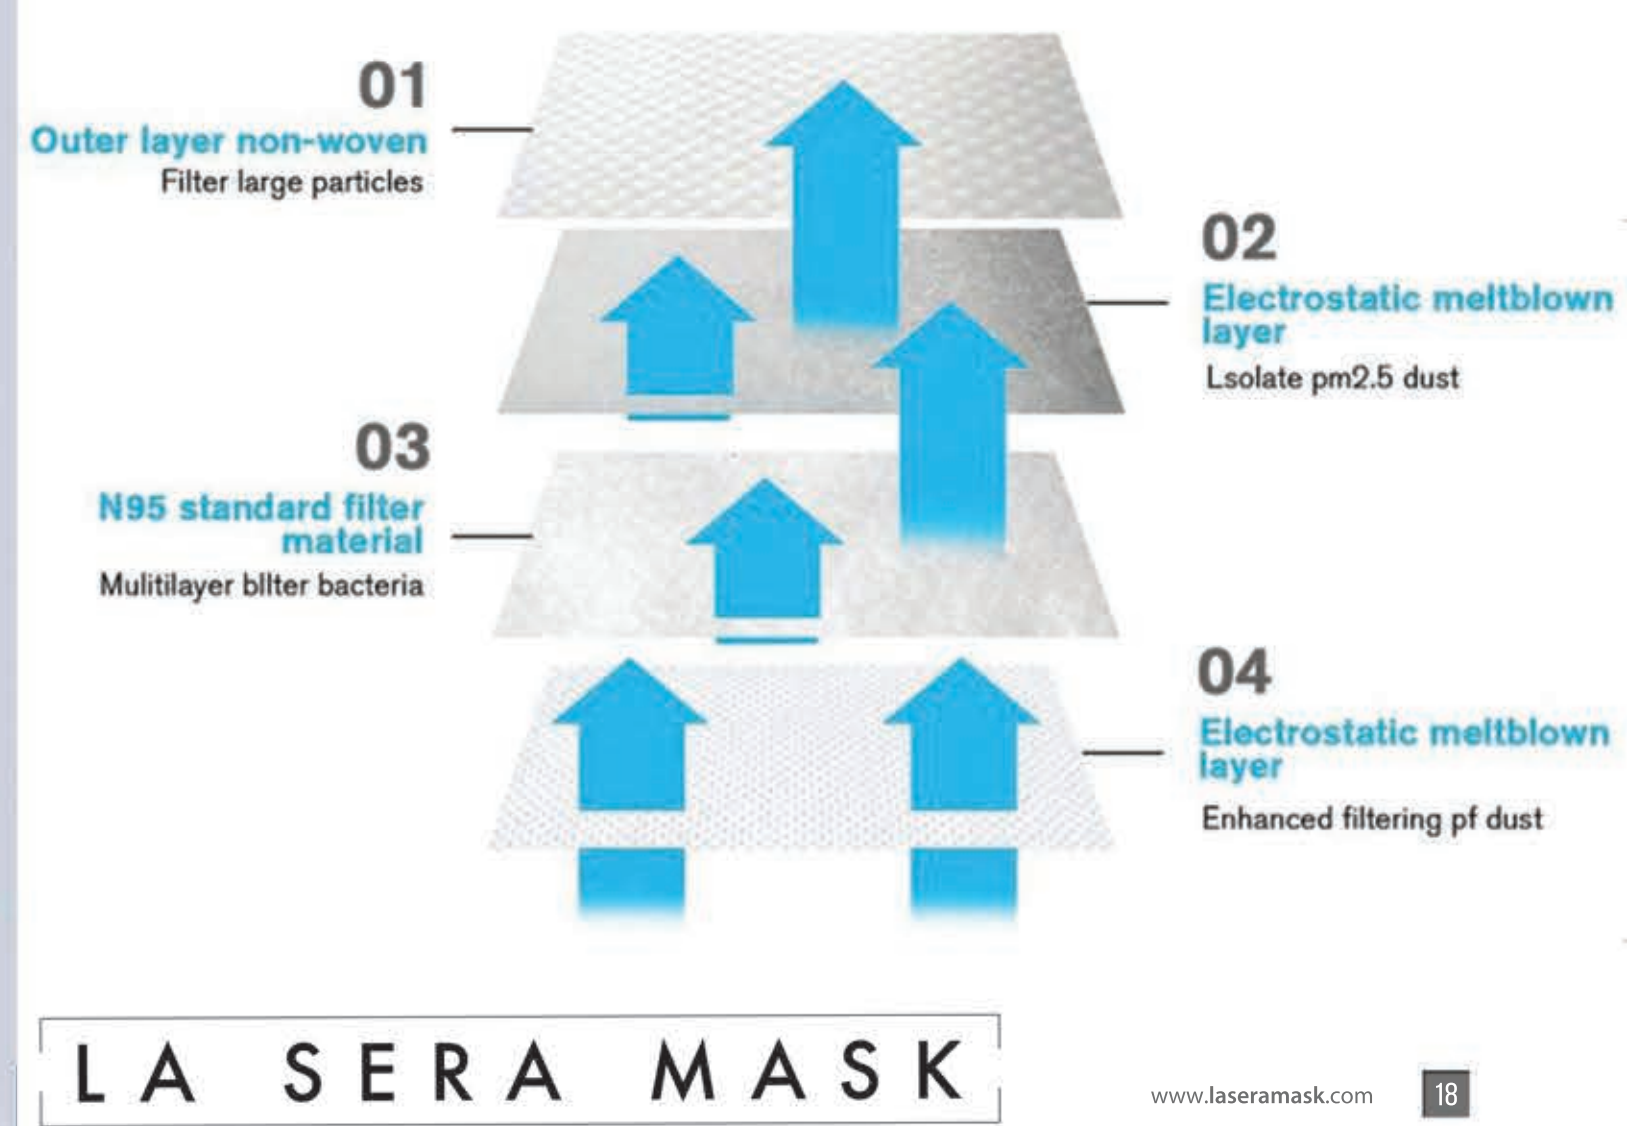

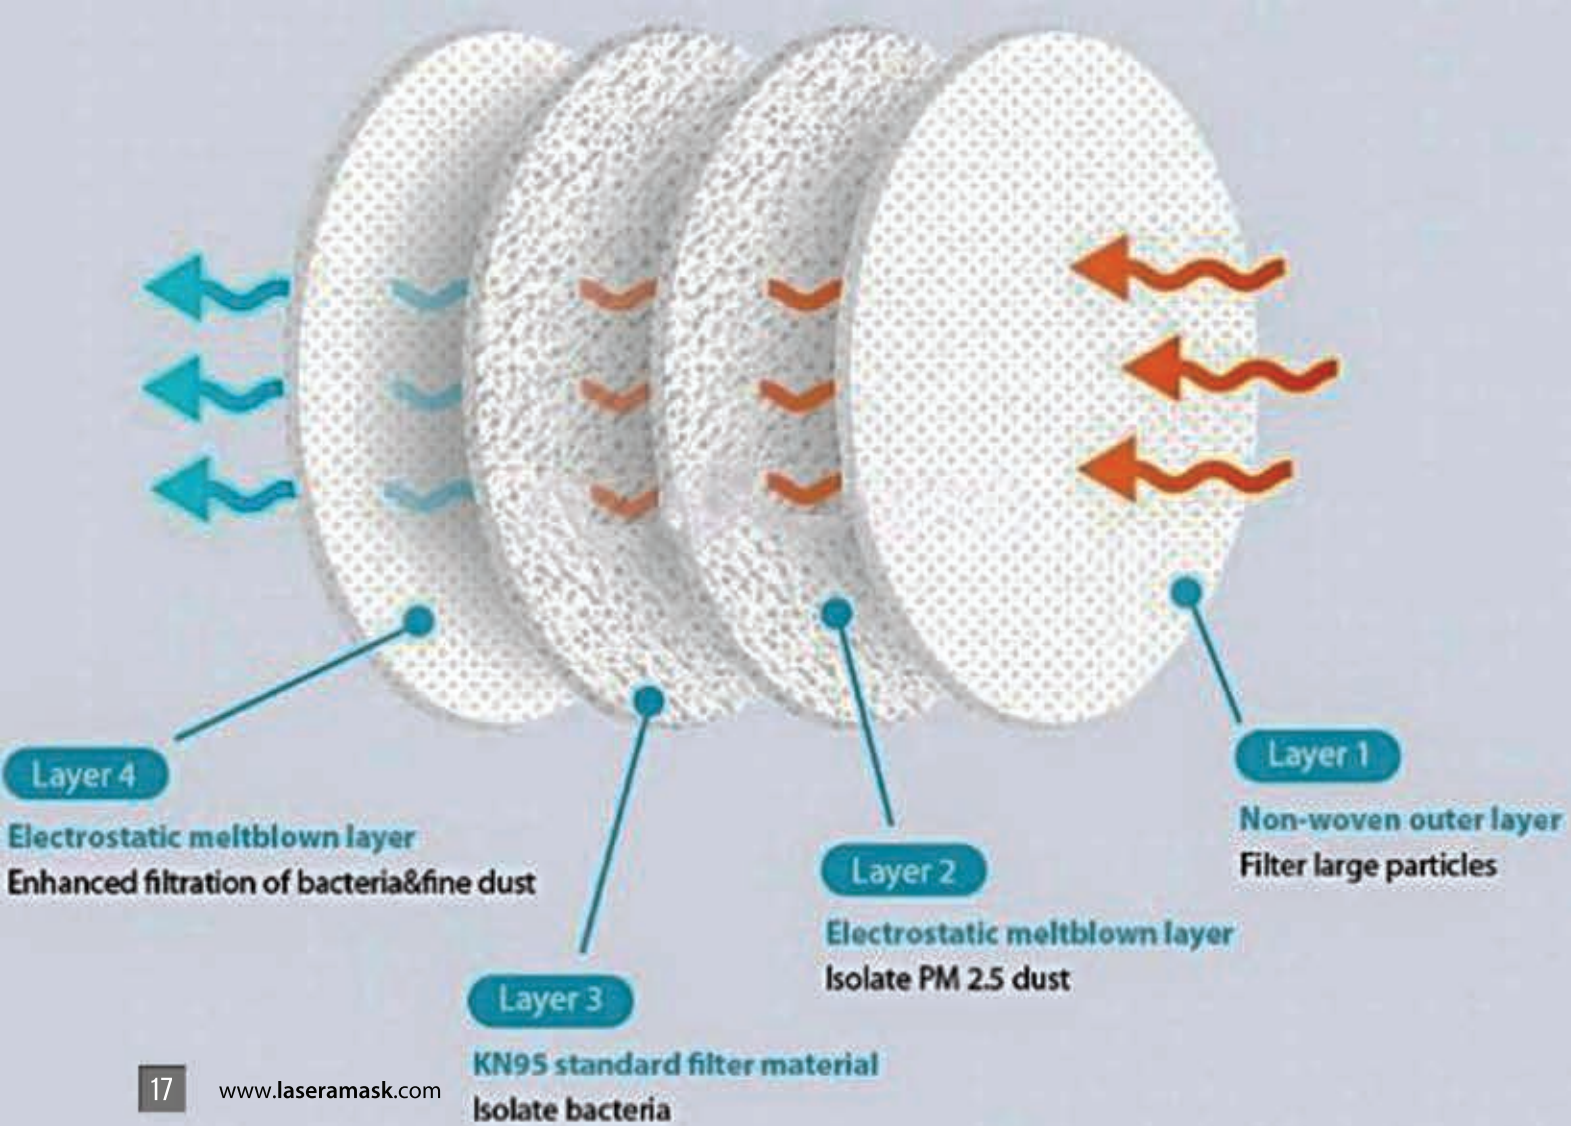

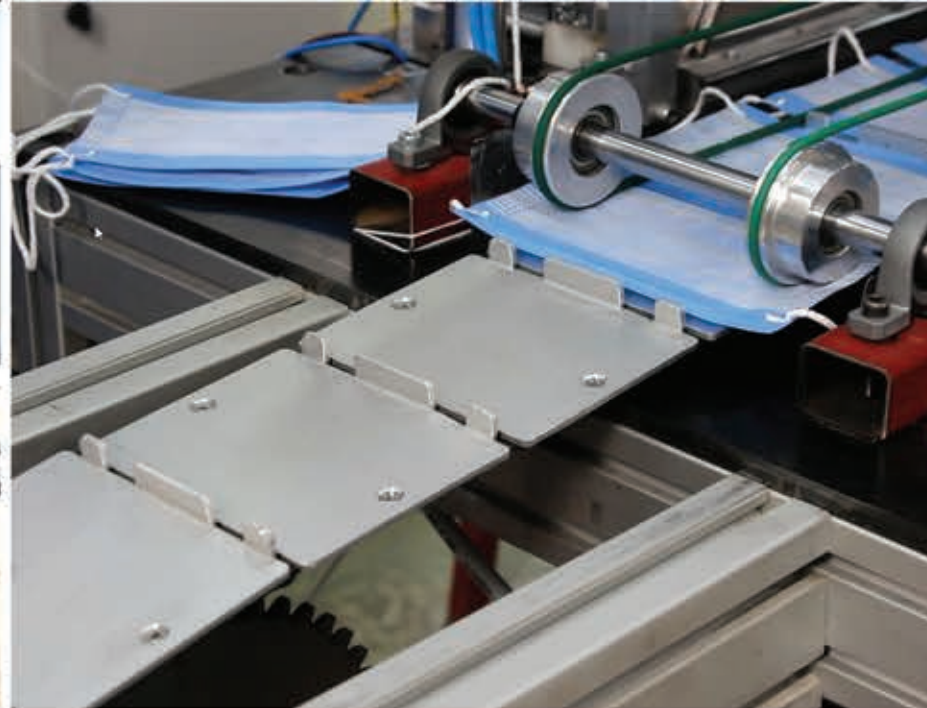

PROTECT WITH FFP2 AND FFP3

The types of masks to be used against corona virus have been announced by the World Health Organization. These mask types are referred to as N95 masks. N95 masks have different standards such as FFP1, FFP2 and FFP3.
